

The United States Pony Clubs, Inc. STANDARDS OF PROFICIENCY FOR D-LEVELS

(Revised January 1, 2009)

The United States Pony Clubs, Inc., establishes Standards of Proficiency within the framework of the international Pony Club movement as the curriculum for a program of instruction and evaluation of its members for ratings.

D Rating: The D Ratings are an introduction to the fun and challenge of riding, establishing a foundation of safety habits and knowledge of the daily care of a pony and tack. The D-1 through D-3 Pony Club member learns to ride independently and with control, maintaining a reasonably secure position at the walk, trot and canter and over low fences. All D ratings are awarded at the club level.

C-1 and C-2 Ratings: The C-1 and C-2 is a Pony Club member learning to become an active horseman, to care independently for pony and tack and to understand the reasons for what he or she is doing. The C-1 and C-2 show development towards a secure, independent seat and increasing control and confidence in all phases of riding. The C-1 and C-2 ratings are awarded at the club level.

The H-B, C-3, B, H/H-A and A Ratings are facilitated on a national basis and require a greater depth of knowledge and proficiency than the earlier ratings. Successful candidates are competent, all-around horsemen, active and contributing members of USPC, who participate in a variety of Pony Club activities. They are also thoughtful leaders who set an example for all levels.

The H-B Rating covers Horse Management knowledge that demonstrates increasing knowledge and competence in the care and handling of horses.

The H/H-A Rating requires the knowledge, experience and maturity to evaluate and care for a mount's needs efficiently and in a variety of circumstances, and to teach riding and horse care to others.

Pony Club members may choose to follow one or all of three riding tracks. They are: Traditional, Show Jumping or Dressage.

The C-3 Rating reflects a basis of competence in riding and horse care that will make possible a lifetime of pleasure with horses. If the C-3 riding test is passed before the H-B, the member becomes a C+.

The B Rating is for the active horseman and Pony Club member who is interested in acquiring further knowledge and proficiency in riding. The B is able to ride experienced mounts with confidence and control. The B should be able to ride and care for another person's experienced mount, maintaining proper mental and physical condition without undoing any of the mount's education. The B understands and is able to explain the reasons for what he or she is doing and to contribute to the education of younger Pony Club members.

The A Rating, the highest rating, is divided into two parts: the H/H-A, which covers horse management, teaching and training and the A, which tests the riding phase. The A is able to ride mounts at various levels of schooling with judgement, tact and effectiveness; to train young mounts; and to retrain spoiled mounts. Like the B, the A understands and is able to explain the reasons for what he or she is doing and to contribute to the education of younger Pony Club members.

NOTE: In addition to its instructional programs, USPC offers a variety of activities at club, regional, inter-regional and national levels for team and individual participation. These activities include Eventing, Dressage, Foxhunting, Quiz, Mounted Games, Show Jumping, Tetrathlon, and Polocrosse. **Achieving a rating does not necessarily qualify the Pony Club member for competition in any horse sport.** Further study and preparation for a particular activity, including working as a team member, may be necessary.

Information for D Candidates

Requirements for Candidates (D-1 through D-3)

- Be a Pony Club Member in Good Standing, as defined by club policy, having paid local, regional and national dues and fees.
- Be a member of Pony Club for 1 month or more, no minimum age limit, except as defined by Club policies for joining.
- Attain each rating before next level is attempted.
- Have a thorough knowledge of requirements of the level being tested and be able to discuss and/or demonstrate any requirements from all previously attained standards.
- Candidate must be tested on and pass all sections of the test completely and in the appropriate area/arena/open terrain before being awarded the new Rating.
- Any special testing requests including exceptions or exemptions must be submitted to the USPC National Office, through the DC. These requests will be reviewed on an individual basis and the final decision for any exception will be the responsibility of the D-1 through C-2 Program Committee Chair and the Vice President of Instruction.

Attire

Safe, workmanlike attire, including proper footwear, must be worn in the barn area and when working around mounts.

Refer to D Standards of Proficiency in this document, for proper inspection and mounted attire.

ASTM/ SEI approved headgear with full harness and with chin strap in place must be worn when mounted.

Equipment

Saddlery and biting for USPC Testing should comply with the Horse Management General Rules on Saddlery and Biting and with the USPC Eventing Rules for Saddlery and Biting, D Level Riders. Whips, no longer than 43.3 inches (110 cm) including lash, will be allowed. Any rulebook change following publication of the current Horse Management Handbook will supersede these rules.

All bits with more than one point of attachment (i.e. gag, Pessoa, elevators) must have one rein attached so that the snaffle action of the bit is in effect. If other bit actions are to be used, two reins will be required. At the D level, converters will be allowed on Pelham bits. If the Pessoa type bit is used, a single rein may be attached to the first or second ring. If a third or lower ring is used, a second rein must be attached higher so that the snaffle action can be in effect when possible/desired.

Testing Information

Testings may be held more often if practical for the club, but must be offered a minimum of twice a year. Testing dates are determined by the DC(s). By networking with other clubs within the Region to establish group ratings with other clubs, increased opportunities to rate can be made available to members.

A testing is designed to and should be conducted in one day if possible, or, if due to unforeseen circumstances such as weather or footing, it is not possible to complete a test in one day, all requirements must be tested/completed within a one-month period.

A testing shall be an instructional, working session, covering only requirements listed in the Standards but must not become a “lesson” on each section.

Oral testing or demonstration is required for all parts of the horse management phase. Written tests are not allowed.

Upon recommendation of the Examiner only, a candidate who does not meet standards on not more than one-third of tested sections may be retested within one month on only the sections not passed including riding sections.

There is no set time limit between taking any of the D- Level Tests, but each rating must be attained in the proper order and no levels may be skipped.

Borrowing/ sharing of suitable mounts for a D-Level testing is allowed, but only if the rider is familiar with the mount and has ridden it prior to the testing, both on the flat and over fences successfully and safely at the level being tested.

Appropriate Horse

It is the responsibility of the candidate and his/ her parent(s) or guardian to bring an appropriate mount to the testing. The conditioned mount must be capable of completing the flat and jumping phases at the heights indicated at the appropriate levels. Embracing USPC’s commitment to safety for all horses and riders is of the utmost importance. Failing to follow these guidelines will make it difficult for the candidate to meet the standard on that given day.

Presentation of the Mount for Inspection

Stand by mount, on near side, with Examiner, facing rear, reins in left hand below bit, slack in right, changing sides with Examiner.

Braiding is not allowed.

Examiners (D-1 through C-2)

Examiners are to be chosen by the DC(s).

Examiners should be selected with care, should be completely knowledgeable of the Standards of Proficiency at the level(s) they are testing, as well as the level(s) above and below the one(s) they are testing.

Examiners should be familiar with the Standards D through A. Examiners should be sensitive to young people and conduct the test in an educational framework.

Examiners must be furnished a copy of all the USPC Standards, test, and study guides prior to testing.

The Examiners must set the tone of the testing as a teaching situation, making every effort to draw the best from each candidate, without allowing the test to become a lesson on the skill in question.

Care should be taken throughout a testing to encourage the candidates to express what they know, rather than what the Examiner knows.

Examiners should bear in mind that there may be a range from adequate to superior, and anyone within that range, i.e. that meets Standard or better, should pass.

Refer to the current D-1 through C-2 testing guidelines, testing organizers guide, and the USPC Examiners Handbook, available online at www.ponyclub.org under Forms and Publications.

Over Fences
